Docket No. 98N-1265

Food and Drug Administration

5600 Fishers Lane

Rockville, MD. 20857

1644 '99 MAR 24 P2:17

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: As a physician who has prescribed natural hormones for my patients for several years and who also relies on them personally for menopausal stability, I abhor the idea of large pharmaceutical companies once again trying to control the practice of medicine in this manner. It would be a significant loss if Madison Pharmacy could not send their fine, quality products around the country.
